

## ***Rising Stars Practice Instant Challenge***

# **Go Get 'Em**

**Challenge:** Your TASK is to make tools and use them to retrieve (get) objects that are behind a line.

**Setup:** There is a line taped to the floor. There is a set of objects to be retrieved beyond the line, and a set of materials from which to create tools.

### **Procedure (~15 minutes):**

- Using only the materials provided, build tool(s) to retrieve as many of the objects as you can. Retrieving the objects means you will reach out to the object with the tool(s) you made and then move, pull or push the objects towards you so that the objects end up completely behind the line. While retrieving objects, team members must sit or stand behind the taped line.
- Team managers: please tell the team when they go beyond the line.
- If there is time, for more fun, place the objects further away from the line.

### **Materials**

1 Cup	2 Pencils	4 Coffee Stirrers
10 Mailing Labels	2 Sheets of Paper	4 Rubber Bands
4 Paper Clips	3 Chenille Stems	8 Straws
1 Paper Towel Tube		

### **Objects to be Retrieved**

3 Small Cups	2 Small Inflated Balloons
5 Large Pom Poms	

*Note: use whatever similar objects are available*

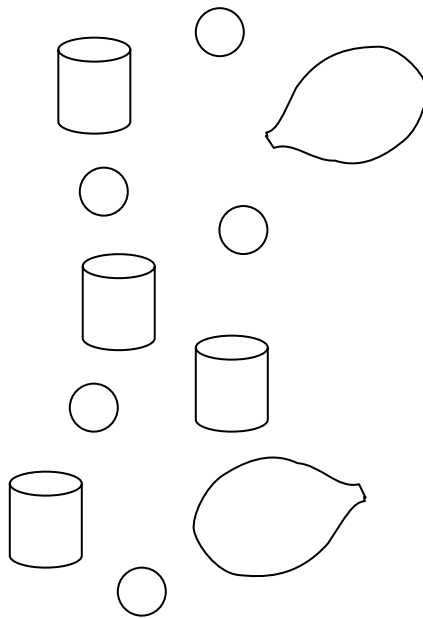

### **Don't Forget**

- A. Your team should use your materials creatively.
- B. Your team needs to work well together.

# Go Get 'Em (Rising Stars) For Appraisers only

## Set-up

Taped line –  
team members  
must stay  
behind this line  
during retrieval

Items are to be placed 1 – 3 ft.  
beyond the start line.

### Notes:

Items can be placed closer or  
farther if appropriate for  
age/experience of team  
members.

Can also include additional  
materials and retrieval items for  
teams with more members.
